

*“Triton knows making things easy shouldn't be hard.”*

*- Steve Swofford, President/CEO, Alabama Credit Union*

With 15 branch locations and dozens of ATMs throughout the communities we serve, we've always believed convenience is the key to great service. Triton has always understood this too. The low price makes the decision to deploy them a simple one, and their modular design makes upgrades easier. They've even figured out ways to make security compliance faster and more painless, and as most credit union folks know, that's no small feat. And of course we like to be wherever our members are: stadiums, convenience stores, campuses, special events. Triton makes ATMs that will easily fit into virtually any type of location. Twenty-four-hour access and maximum uptime make our members happy—and that makes my job easy. Well, easier.

*Discover how Triton's complete line of cost-effective, reliable ATMs can help your bottom line. Call your Triton representative today at (877) 210-4020, or visit us at [www.triton.com](http://www.triton.com) to learn more.*
